# Orientation Program Report

## Session 2025–26

### Introduction

The Department of Information Technology, Babu Banarasi Das Institute of Technology and Management (BBDITM), Lucknow, organized an Orientation Program for B.Tech 2nd Year students on 13 October 2025 in Smart Classroom Room No. 304. The program was conducted to familiarize students with departmental activities, academic expectations, research opportunities, and career guidance for the academic session 2025–26.

### Objectives of the Orientation Program

- To introduce students to the department's academic environment and culture.
- To provide guidance regarding curriculum, laboratories, projects, and research activities.
- To motivate students towards technical learning, innovation, and professional development.
- To create awareness about departmental policies, attendance, and examination procedures.
- To encourage active participation in workshops, seminars, coding activities, and student clubs.

### Session Highlights

Faculty members addressed the students and shared valuable insights regarding academics, discipline, skill development, placement preparation, and industry expectations. Students actively participated in the interaction sessions and clarified their queries regarding subjects, semester activities, and future opportunities. The orientation program also emphasized continuous learning, teamwork, communication skills, and technical excellence.

## Program Outcomes

- Students gained a clear understanding of the department's vision, mission, and academic structure.
- Students became familiar with faculty members, laboratories, and institutional facilities.
- Students received information about academic rules, examination patterns, and attendance requirements.
- Students were encouraged to participate in research, innovation, and extracurricular activities.
- The session helped students feel confident and motivated for the upcoming academic session.

## Conclusion

The Orientation Program for B.Tech – I.T. 2nd Year students was successfully conducted with enthusiastic participation from students and faculty members. The session proved to be informative and motivating, helping students understand the academic environment and opportunities available in the department. The department looks forward to supporting students throughout their academic journey and encouraging them to achieve excellence in academics and professional growth.
