DR. PHURAILATPAM SUPRIYA
HoD CE, BBDITM, LUCKNOW

MESSAGE FROM HoD

It gives me immense pleasure to present the Institute newsletter for the academic session 2025-26, reflecting the achievements, creativity, and collective efforts of our students, faculty, and staff. At BBDITM, Lucknow, we are committed to holistic education through Outcome Based Education (OBE), fostering academic excellence, innovation, and professional competence. I congratulate the editorial team and appreciate everyone who has contributed to the Institute's growth. May this magazine inspire us to continue striving for excellence in education, research, innovation, and sustainable development.

DR. KAMAL NABH TRIPATHI
ASSOCIATE PROFESSOR
CE, BBDITM, LUCKNOW

REVIEWER'S COMMENT

Your newsletter is truly outstanding! The content is informative, engaging, and presented in a clear and accessible manner. Each half-yearly edition offers fresh insights and valuable learning opportunities. The attractive design and well-organized layout make it a pleasure to read. Excellent work—keep up the great effort and continue inspiring readers with such wonderful publications!

EVENT DETAILS 2025-26 Odd

The Department of Civil Engineering, BBDITM, Lucknow, organized an educational visit to RSAC, Lucknow on 15th Sep 2025

The Department of Civil Engineering, BBDITM, Lucknow, organized an industrial visit to the UltraTech RMC Plant, Lucknow, on 7th Oct 2025 final-year students learned about concrete mix design, raw materials, concrete grades, slump tests, and cube strength testing, gaining valuable practical knowledge of ready-mix concrete production.

An Educational Tour was arranged by Department of Civil Engineering BBDITM, Lucknow for its Final Year students to visit of Jibhi, Kullu, Manali, Rohtang Pass, Railway Track System in Chandigarh and Water distribution system in Beas River. Twenty students accompanied with Three faculty members were scheduled to visit of Himachal Pradesh from 16th October to 21th October 2025.

FACULTY ACHIEVEMENTS 2025-26

Published/co-authored 23 research papers, including 7 Scopus indexed papers, in pavement engineering, soil stabilization, bituminous materials, transportation and sustainable construction.

Research focuses on sustainable pavement materials, geotechnical engineering and infrastructure development.

Participated in FDP on “Agentic AI and PEGA: Practical Foundations”, BBD University, IEEE CIS & RVS Computing Research Circle (16–20 Jun 2025).

Participated in Short Term Course on “Emerging Trends in Environmental Engineering for Sustainable Development (ESTED 2025)”, HBTU, Kanpur (20–24 Jan 2025).

Participated in a 5-Day Faculty Development Programme on “Energy-Efficient Infrastructure and IoT-Integrated Sustainable Systems”, organized by Jahangirabad Educational Trust Group of Institutions, Lucknow, from 28 May to 1 June 2025.

Participated in an FDP on Building Information Modelling (BIM), jointly organized by Autodesk, NICMAR Delhi-NCR Campus, and TATA Projects, supported by SW Systems, from 24 to 29 March 2025.

DEPARTMENT OF CIVIL ENGINEERING

FACULTY ACHIEVEMENTS 2025-26

Participated in the National Seminar “Geotechnics for Tomorrow: Challenges, Innovations and Opportunities” (2025

Participated in 17 FDPs, seminars and professional development programmes covering Sustainable Engineering, Research Methodology, GIS, Entrepreneurship & Innovation, Mathematical Modelling, Advanced Materials, Generative AI, BIM, IoT and Emerging Technologies.

Contributed as Co-Cordinator 1 week FDP on “Recent Trends in Civil and Mechanical Engineering”, organized by civil and Mechanical engineering department, BBDITM, during 9th -14 September, 2024.

Participated in 5-Day FDP on “Building Information Modelling (BIM)”, Autodesk, NICMAR Delhi-NCR & Tata Projects (24–29 Mar 2025).

Contributed as Co-Cordinator 1 week FDP on “Recent Trends in Civil and Mechanical Engineering”, organized by civil and Mechanical engineering department, BBDITM, during 9th -14 September, 2024

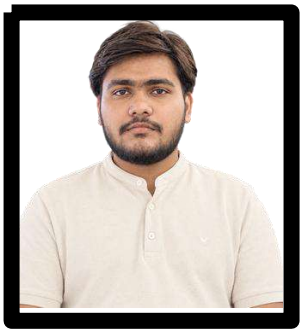

Participated in One-Week Short Term Course on “Emerging Trends in Environmental Engineering for Sustainable Development (ESTED-2025)”, HBTU, Kanpur (20–24 Jan 2025).
